

Valbone Range

The Valbonne Range is a cream painted finish, lightly distressed & rubbed through to simulate the typical French multi layered paint finish that is so typical of genuine antique painted pieces

It is a base white coat is over coated in a crem finish, rubbed through & a light beige/brown antiquing glaze applied. This imparts an appearance to simulate years of ageing. Because it mainly sits in the low lying areas of mouldings & carvings, it gives the piece more dimensional depth & a mellow character.
